

MILES WENT TO MUHLENBURG

Was Seen a Mile From Kirkmansville About Day-light Wednesday.

A REWARD IS OFFERED.

Nothing to Substantiate The Report That Miles Went South.

Governor Willson has offered a reward of \$200 for the capture of Arthur Miles who escaped from the Western Asylum Nov. 22, limited to 10 days. Two reports have been received this week about Miles. One was that a relative of his was seen going towards Weaver's store, Tenn., with a trunk.

The other report that Miles was seen the morning after his escape within a mile of Kirkmansville, evidently making his way through Todd county into Muhlenburg. This is believed to be a true report.

His relatives at Bennetts town deny that he has been in South Christian and there is no evidence that he has been there. On the other hand it is said the man seen north of town answered the description of Miles and was traveling at night.

AMUSEMENTS

The Frank Dudley Stock Co. opened a week engagement at the Holland Opera House Monday night. The company presented "The New Dominion" for the opening bill and standing room was at a premium. "The New Dominion" was made famous by Mr. Clay Clement and proved a great success. "The New Dominion" is a comedy drama in four acts and Mr. Dudley in the leading role of Baron Franz Victor Von Hopenstauffen captured the audience from the beginning. Mr. Dudley is styled "The Young American Actor" and must be seen to be appreciated.

Mr. Auther McAdam as "Marshal Boner" in the New Dominion, more than pleased, his lines are spoken clearly and much credit is due Mr. McAdam for the manner in which he handles this part.

Miss Cora Belle Bonnie as Flora May Randolph is more than clever. To see her in the New Dominion one would think she was made for this part.

Mr. Dudley is supported by an excellent cast and all are deserving of praise. Miss Davenport is highly appreciated in the part of Martha Boland.

The company presented "The way to win a woman" on Tuesday night and the cast proved themselves to be people of ability. "The way to win a woman" was highly appreciated by the Tuesday night's audience.

Polly Primrose was the offering for Wednesday night and another large audience greeted the company on this occasion. Tonight the company will present "Hello Bill" and this is said to be one of their best plays. "Hello Bill" is entered for laughing purposes only and is said to be a scream from start to finish. The Frank Dudley Stock Company produce such plays, not only as these mentioned above, but Amy of the Circus, Dr. Jekyll and Mr. Hyde, etc.

A supply of stone will be kept on hand and female prisoners will be worked on the rock pile and when the male prisoners cannot work outside they will be kept busy in the same way.

This new departure is expected to do great good. A large number of women fined in past years have not been imprisoned for lack of a place to work them. These will be rounded up during the winter and required to work out their old fines.

TROTting OXEN

An Unusual Team Attracts Much Attention in Town.

A farmer came to town Monday driving a pair of oxen to a buggy which attracted a great deal of attention. No such a team was ever seen to a buggy in Elizabethtown before. The oxen could trot about six miles and hour and the owner made about as good time with them as an ordinary buggy horse. The oxen seemed to control them perfectly.—Elizabethtown News.

The Christmas Lippincott's.

Most of the important magazines get out especially fine Christmas numbers, and Lippincott's is no exception to the rule. The complete novel for December is "There Was Once a Queen," by Edith Robinson, author of "A Mock Caliph and His Wife." It is a brisk and actionful story, with its scenes laid in a small German principality, the hero being in the diplomatic service there. He falls in love shortly after his arrival and is thereby led into some strange adventures. There is a decided mystery in the plot, and it is doubtful if the reader will be able to solve it prematurely; but there is no doubt whatever that the story will be thoroughly enjoyed.

As to the short stories, it is safe to say that a more interesting collection has seldom, if ever, been gotten together in one magazine.
